Easily accessible all year around with frequent air connections direct to Malaga from all over the world, it is little wonder that Marbella has attracted the rich and famous for many decades. Many people who come here return again and again and often decide to stay permanently.

Le Golfing

theCosta Golf
Guide

Our villas overlook Los Flamingos Golf Club, a magnificent course 10kms from Marbella designed by Antonio Garcia Garrido.

It boasts stunning views over the surrounding countryside and Mediterranean Sea. A sister course, Gran Flamingo, offers a choice of two 18 hole courses - green fee discounts are given on booking the two courses.

Both courses share challenging water features and other obstacles such as a variety of trees and sand bunkers add to testing nature of the course. The fairways, especially on the front 9, are narrow which also test your accuracy off the tee, although some compensation is given with the large greens on the course.

Villa Two includes a professional putting green where you can practice your putting.

Our staff are happy to advise you on the local golf courses and make reservations in advance of your arrival.

Other courses within easy reach:

- Cabopino

- La Quinta
- Las Brisas
- Los Arqueros
